

FAQS

Additional COVID Response Frequently Asked Questions

What does it mean that Epikos has “paused” the *Rooted + Built Up* initiative?

Due to COVID-19, we postponed our Challenge, Commitment, and Celebration Sundays. The new dates are Challenge (4/26), Commitment (5/3), Celebration (5/17).

We understand that due to the financial uncertainties and/or hardships facing much of our church family that some may not be able to currently financially give or consider making a three-year pledge commitment. We respect this. Anyone is able to pledge or give toward the initiative at any time in the next three years.

What if I’m ready to pledge or give now?

Thank you, we appreciate your generosity. We are ready to receive both pledges and donations at this time. We have already received pledges totaling almost \$1.1 million from our staff, elders, and church leaders prior to our church-wide challenge.

Will the renovation of either or both of the newly acquired facilities be delayed due to finances or availability of contractors?

At this time, we are doing our best to move forward in the time-frame we have set forth. We continue to monitor the current situation and will post updates at rooted.epikos.org if anything changes.

Will the launch dates for either campus be moved?

At this time, the launch dates for the Sherman Park and Mayfair Road campuses have not been changed. We will continue to keep you updated on launch dates via our website epikos.org, our social media channels, service announcements, and email communications.

How does the pause impact those joining a move or launch team?

Pastor Ed and Pastor Frank are moving forward with preparing for our campus launches with their teams. They have found creative ways to continue the momentum online during this time. As things change, they will be communicating with team members directly to share new (online or in-person) meeting and work dates for each of their campuses and ways for individuals to remain involved.
